HIGH
PROTEIN
CONTENT

Purpose: protein bars are aimed at adults who do not receive enough protein in the framework of their daily diet, at athletes with increased protein requirements, and at other people following the latest trends in the field of nutrition and dietary supplements.

Use: we recommend the use of a protein bar after sports activities and whenever your other daily meals fail to provide a sufficient intake. As an excellent snack to go, it will always be ready to quench your hunger.

**ZERO SUGAR
ADDED**

WHY TO CHOOSE MEDEX AS YOUR PARTNER AND MEDEX PRODUCTS FOR YOUR CUSTOMERS?

- **QUALITY PROVEN BY TIME**

Almost 7 decades on the market (since 1954)

- **PRODUCTS WITH SOLID BACKGROUND**

Products based on traditional recipes, knowledge, and needs of customers

- **ONLY THE BEST INGREDIENTS**

Patented ingredients with results supported by clinical studies

- **CLINICAL STUDIES**

We do both - our clinical studies as well as we develop products and choose ingredients based on internationally approved clinical studies

- **RELEVANT SOLUTIONS**

Combination of ingredients that are relevant for solving the certain condition

- **EFFECTIVE SOLUTIONS**

Optimal amounts of substances – enough to reach the results and still leave enough space for their intake from food or other food supplements

- **AS NATURAL AS POSSIBLE**

Without artificial flavors, coloring, and sweeteners

- **QUALITY FIRST**

The strict control of products on all levels of development and production

- **BEST OF THE BEST TRUST US**

Many well-known athletes are keen on our products – like skiers and latest also our new ambassador, 2 x winner of Tour de France, cyclist Tadej Pogačar
